Start
300
Read a stream of Java Bytecode instructions during Bytecode Verification phase
302
No
Found a predetermined sequence of two or more Java Bytecode instructions?
304
Yes
Generate a Java macro instruction that represents the sequence of two or more Java Bytecode instructions
306
End

Start
400
Read a stream of Java Bytecode instructions during Bytecode Verification phase
402
Count the number of times a sequence of Java Bytecode instructions appears in the stream of Java Bytecode instructions
404
No
Sequence has been counted for at least a predetermined number of times?
406
Yes
Generate a Java macro instruction that represents the sequence of Java Bytecode instructions
